*Proud of Derby!*

Edition 5

October 17<sup>th</sup>, 2020

## Let's save Xmas for 100's of Derbeian's!

Okay so this is a follow-up to the main article in our first edition **CAN YOU HELP SAVE XMAS FOR 100'S OF DERBY RESIDENTS?** In this article I wrote about how Kevin Kemp has been feeding lonely Derby residents who might not have otherwise had a Christmas Day Meal, I wrote of how since 2013 Kevin and the team he bought together to create Derby in Need C.I.C have progressed onto feeding 100's of Derby residents on Xmas day each year.

In 2019 the main trading name of the C.I.C. was changed to Enlivening and they had provided a schools out café offering low cost meals to low income families during school holidays, Halloween and Xmas parties as well as continuing the tradition of ensuring 100's of Derby residents can be bought together to enjoy Xmas day in good company without a worry or a care.

This year in 2020 due to Covid-19 it has been difficult for us all and for the health and safety of staff, volunteers and those who rely on the services Enlivening provides the team decided that it couldn't go ahead with the schools out café this year. *(Continued on Page 3.)*

DCR is Derby's professional, local community radio station run entirely by a group of dedicated volunteers with over 76 years radio experience just among the directors.

The station has been broadcasting since 2018 and strives to provide the best service possible to its listeners and communities of Derby.

DCR is aiming to be available on FM and DAB in the near future.

Currently you can hear DCR by using the website or even simpler, asking your smart speaker to:

“play Community radio for Derby”

You can contact us by using the form on the front page of the website, [radioforderby.co.uk](http://radioforderby.co.uk), emailing [studio@radioforderby.co.uk](mailto:studio@radioforderby.co.uk), texting 07786 200 350 and starting the message with "Derby", as well as finding us on social media.

The D-Paper  
listens to  
DCR

## Letter from The Editor

Hi guys,

Welcome to the fifth edition of The D-Paper, I hope you are all well. This week we have a catch up with Enlivening C.I.C after plans for their annual Xmas day lunch have had to change drastically due to restriction brought in by the government to try and curb the spread of Covid-19, you can read more about Enlivening and their appeal to you to help save Xmas for 100's of Derby residents on page 3. On Monday prime minister Boris Johnson announce a new 3 tier system that involves different restrictions for each area depending on

which tier your area has been placed in to, currently parts of the High Peak are in tier 2 and as of the 17<sup>th</sup> of October the North East of Derbyshire including: Arkwright Town, and Ashover, Barlow, Calow and Clay Cross, Dronfield, Eckington, Grassmoor, Holmesfield, Holy Moorside and Holmewood, Killamarsh, Morton, North Wingfield, Pilsley, Renishaw and Ridgeway, Shirland, Spinkhill and Stonebroom, Tupton, Wingerworth, the Erewash area of Derbyshire and Chesterfield will be placed into tier 2 of the alert system, read more about these restrictions on page 15. Also, we have Paul Gibson with INN Derby and Derbyshire and a fabulous article about Derby's Ye Olde Dolphin Inne to whet your appetite.

This week The fifth edition is a little late because of unforeseen circumstances but I do hope you enjoy this edition, without you we couldn't continue The D-Paper and I'd love to see more of you involved. Please drop us a line if you have news you'd like us to report on, share pictures or your stories and opinions about Derby to [newsdesk@thed-paper.co.uk](mailto:newsdesk@thed-paper.co.uk) Thanks again guys for supporting me and the paper, stay safe.

*Kind Regards*

*Lisa Varty - Editor and Journalist for The D-Paper*

## Let's save Xmas for 100's of Derbyians! (Continued from Front page)

Christmas Lunch is going to be a mammoth task this year and we need your help. Due to restrictions that the government has had to impose on us all Enlivening can't offer its usual Xmas Day service but still want to supply Xmas meals to those most in need this year, so Kevin has come up with a Plan A to deliver meals to these people, sadly they will be spending Xmas alone but will at least have a good Xmas meal on the day. Plan B also exists where Kevin and crew will take guests to local pubs and restaurants, but Plan B depends on the COVID rules in place at the time. Enlivening is also hosting an online Xmas party for its regular users (members) via Zoom and the help of DCR (Derby Community Radio).

It's going to cost Enlivening £2000 plus, to provide this service and funds are low so Kevin, due not being able to fund raise in their usual way so the team have been thinking of ways to raise the funds needed to feed the 100's of residents that Enlivening usually helps so we are asking the public and local businesses to donate to their Christmas Day Lunch Fund via a Just Giving page set up here:

<https://www.justgiving.com/crowdfunding/christmasdaylunch2020>

Enlivening will also be holding a raffle to help raise fund and I will share the details in a later edition, but we need prizes and hope that small business owners could help us out. In return for donating a product or service to the Enlivening Raffle The D-Paper will offer free advertising space to each business who have donated for 3 months and you will be added to the 2020 Enlivening supporters list on their website.

People may wonder why I write and gush so much about Enlivening well, the reason is Kevin Kemp is a person I'm proud to call a friend and I've seen first-hand the positive impact Enlivening has on our community and the 100's of people it's helped over the years, and even when Kevin isn't working he'll give

up his free time to help anyone in need, he's been a great support for me when I've felt it's all got too much and offered me words of wisdom and vocal pushes to stop me from giving up even though he himself has so much going on around him. So for all the help he's given me and others I want to give something back and I want to help him and Enlivening to give at least a little Xmas cheer to Derby residents this year. So if you can help in any way please get in touch with Enlivening at

[enquiries@enlivening.co.uk](mailto:enquiries@enlivening.co.uk) or [derby-in-need@outlook.com](mailto:derby-in-need@outlook.com)

and help save Xmas for 100's of Derby Residents.

Again, here is what it means to just some of the Derby residents who are regular guests at Enlivening's Xmas Meal events what they have said about the 2020 Christmas Day Lunch:

**Tom, 76 of Spondon** said: "I've been coming to you for Christmas Lunch for the past few years. You have always given me lift to where the meal is and made sure I get home safe afterwards. I did wonder if you were doing a meal this year and it would be great if you could as it makes my Christmas being with others instead of being sat at home waiting for the carer to come and give me some rubbish to eat, as usual."

"Your Christmas Day Lunch is now part of life; we look forward to it so much every year not only for the food but meeting old and new friends. We've been coming for last 4 years and without it we don't know what we would do, and we can't afford to go out and pay for a meal". **Source: Anonymous pensioners from Derby.**

**John and Vanessa**, both with mental health conditions from Derby said "Both I and my friend look forward to your Christmas Day Lunch. We both live alone in warden-controlled accommodation and meeting up with old friends and have a good time is what makes Christmas for us. The food is always great and the fact that we get picked up and dropped off home makes it even better. Without you we don't know what we would do on Christmas Day".

"As a LAC (Local Area Co-ordinator) for the past four years we have looked to Derby in Need to find somewhere for our loneliest residents to go on Christmas Day. For years we have tried to find somewhere without paying the high prices on Christmas Day in a pub plus there is cost and availability of staffing to ensure our resident is accompanied. What we have found over the years we have sent people to you is the people always have a good meal, a good time, meet new friends and for some the best bit is being collected and dropped home afterwards. Due to COVID-19 we have had higher demand this year for company, be it, simply extending carer

times in home or expanding our services to include shopping.

We are already planning the effect that COVID will have this Christmas and feel that without your Christmas Day Lunch more of our residents will spend another day, a special day, alone this year." **Source: Anonymous LAC from Derby.**

## Puzzle page

Here's this week's puzzle page, take a break and enjoy - *Puzzles made my Lisa varty for The D-Paper* ©

### Word Search

Rules: Find the given words in the grid, running in one of eight directions horizontally, vertically, or diagonally. Answer String: Varies by puzzle. There may be an unused word, or a message hidden another way to discover related to the puzzle.

#### Word List:

AMBER VALLEY  
AUTUMN  
BLUE JOHN  
BREAK  
BUXTON  
CASTLETON  
CYCLE  
DARLEY ABBEY  
DERBYSHIRE  
DERWENT  
DICTION  
DUCK  
ELVASTON CASTLE  
EREWASH  
HIKE  
INDUSTRY  
MARINA  
MATLOCK  
ORANGE  
PHOTOSYNTHESIS  
PYCLETS  
WINE  
WINSTER  
ZINCOGRAPHY  
ZOO

#### Sudoku

place the numbers one through nine exactly once in each row, column and 3x3 box based on the starting numbers that are already filled in and any subsequent numbers you fill in.

#### Word Wheel

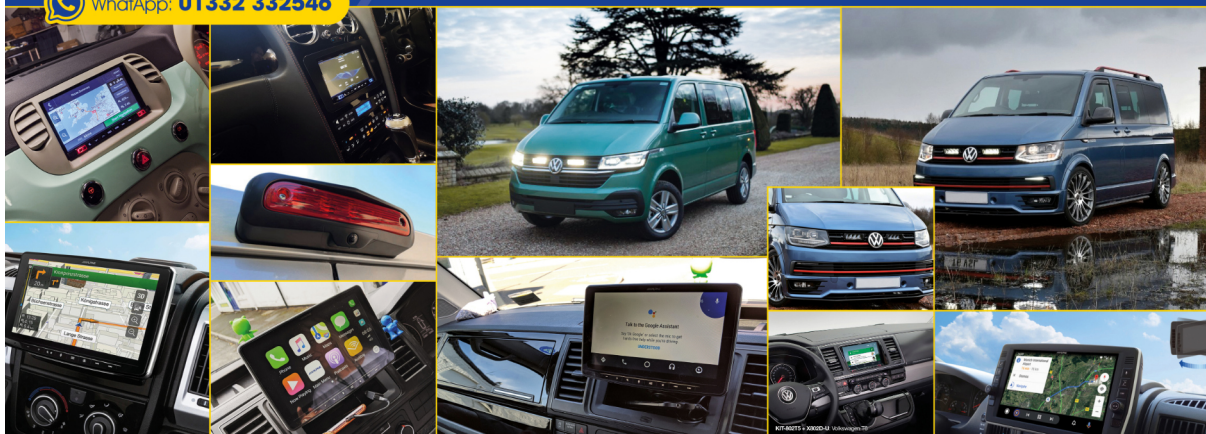

The goal of a word wheel puzzle is to create as many words as possible with the letters in the word wheel. You can only use each letter once and every word must have the letter in the centre of the wheel. Can you find the 13-letter word?

Here is a little help to find the word:  
Drawing on things that one has seen, heard, or noticed in everyday life.

## Covid 19 and running your business

In these very strange time with business being put under more pressure due to COVID 19 it is more important than ever that businesses remember the simple things to succeed.

### Get Organised

To achieve business success you need to be organized. It will help you complete tasks and stay on top of things to be done. A good way to be organized is to create a to-do list each day. As you complete each item, check it off your list. This will ensure that you're not forgetting anything and completing all the tasks that are essential to the survival of your business.

### Cash is King

Cash is the lifeblood of any business, so it is important that all sales are invoiced as soon as the sale or job is completed and that payments are chased as part of your normal routine.

### Keep Detailed Records

All successful businesses keep detailed and accurate records. By doing so, you'll know where the business stands financially and what potential challenges you could be facing. Just knowing this gives you time to create strategies to overcome those challenges. There are many Cloud Accounting packages which increase your efficiency such as QuickBooks and Xero.

### Be Creative

Always be looking for ways to improve your business and make it stand out from the competition. Recognise that you don't know everything and be open to new ideas and different approaches to your business.

### Analyse Your Competition

Competition breeds the best results. To be successful, you can't be afraid to study and learn from your competitors. After all, they may be doing something right that you can implement in your business to make more money.

### Advertising

Always monitor your advertising to see where your sales are coming from whether this is online advertising, social media, pay per click, paper etc. If advertising is not giving results, then change.

### Provide Great Service

There are many successful businesses that forget that providing great customer service is important. If you provide better service for your customers, they'll be more inclined to come to you the next time they need something instead of going to your competition. They are also more likely to recommend you to their friends and colleagues.

### Be Consistent

Consistency is a key component to making money in business. You have to keep doing what is necessary to be successful day in and day out. This will create long-term positive habits that will help you make money in the long run.

### Ask for a Referral or recommendation

When you have done a good job don't be afraid to ask for referral or recommendation on your website or social media pages. If you have a written recommendation don't be afraid to use it on publicity material.

### Government grants

Make sure you are claiming all grants available where applicable whether this is under the job retention scheme, relief for rates or allowances on the Self-Employment Income Support Scheme (SEISS).

If you would like to discuss your business and how to succeed, then please do not hesitate to contact either Paul Bradley or Penny Fletcher on 01332 293396 for a free initial interview.

Further information on any of the above can be found at:

## The Unique Olde Dolphin Inne, Queen Street, Derby

Derby's oldest and best-preserved pub has claims to be contemporaneous with the cathedral in whose shadow it stands. This would make it nearly 500 years old, a time when Henry VIII was on the throne. Commercially, it's the centrepiece of the Cathedral Quarter conservation area and The D-Paper took time out to visit the ancient inn.

Entering via a passageway which was once a public right of way, we turn left into the lower bar with a tiled floor and an open fire roaring away on a cold October day. Greeting us is Jo Harris who with her husband Jim have been here since 2002 when they took over from Terry Holmes, a larger than life figure known as "Big T". Draught Bass and the powerful Theakston's Old Peculier are just two of the hand pulled ales available but when Derby brewery Offiler's bought the establishment in 1927, it was a brew pub, one of several they acquired in the town during the 20s. After the 1966 takeover of Offiler's by Bass Charrington, Draught Bass has been in permanent residence. For a decade from 1984, Nigel Barker ran the Dolphin (and other pubs hereabout) and at 26 he was the youngest licensee in the city

Enough of the history, back to the present and climbing a step into the Offiler's Lounge, one is surrounded by old brewery mirrors and a fascinating, framed, illustrated information sheet of the many Offiler's products over the years. Taking a step down into the poshest room, a large fireplace confronts you and tucked away in the corner is a tiny quadrant shaped bar

beneath a heavily beamed ceiling. Back out into the passageway and turning right into the snug, the tour of the ground floor public rooms is complete. The snug is panelled and being the most intimate of all the rooms makes conversation obligatory.

The Dolphin is unique and one hopes it continues to trade for many decades to come although at the time of writing, Covid-19 has cast a large shadow over the entire brewing and pub industry, indeed the whole of the hospitality sector. Sadly, the annual July beer festival here was a victim of social distancing and had to be cancelled. Let us earnestly hope that 2021 brings better times.

## **The Beer Sessions - This Week**

**The Beer Sessions** from **Thursday 15th to Sunday 18th October** are on Derby Market Place. Here, a selection of beers and ciders from selected local breweries will be available alongside wine, prosecco and gin. Evening sessions will feature entertainment, and again you can pre-order food for delivery or bring your own takeaway to enjoy an alfresco dining experience.

### **The Beer Sessions**

Thursday: 12 noon - 5pm, 6pm - 10pm

Friday: 12 noon - 5pm, 6pm - 10pm

Saturday: 12 noon - 5pm, 6pm - 10pm

Sunday: 12 noon - 5pm

Thursday, Friday and Sunday day session and Thursday evening

session: £10 per table (up to 6)

Friday and Saturday evening session: £15 per table (up to 6).

## Parts of Derbyshire on High Alert as three-tier restrictions come into force in England

On Monday the 12<sup>th</sup> of October, our prime minister Boris Johnson announced the governments new 3-tier alert system to try and tackle the spread of Covid-19. The 3 tiers in this system consists of:

**Tier 1.)** Medium Alert and the restrictions for this tier are subject to the basic national rules previously in force.

- All businesses and venues can continue to operate, in a COVID-19 Secure manner, other than those that remain closed in law, such as nightclubs.
- Certain businesses selling food or drink on their premises are required to close between 10pm and 5am.
- Businesses and venues selling food for consumption off the premises can continue to do so after 10pm as long as this is through delivery service, click-and-collect or drive-thru.
- Schools, universities and places of worship remain open.
- Weddings and funerals can go ahead with restrictions on the number of attendees
- Organised indoor sport and exercise classes can continue to take place, provided the Rule of Six is followed.
- People must not meet in groups larger than 6, indoors or outdoors.

**Tier 2.)** High Alert, the restrictions for this tier are as follows: This is for areas with a higher level of infections. This means the following additional measures are in place:

- People must not meet with anybody outside their household or support bubble in any indoor setting, whether at home or in a public place
- People must not meet in a group of more than 6 outside, including in a garden or other space.

- People should aim to reduce the number of journeys they make where possible. If they need to travel, they should walk or cycle where possible, or to plan ahead and avoid busy times and routes on public transport.

**And Tier 3.)** High Alert, this is the highest of restriction and Currently Only areas in Liverpool and its surrounding areas are on High alert, the restrictions for Tier 3 are as follows:

- Pubs and bars must close and can only remain open where they operate as if they were a restaurant - which means serving substantial meals, like a main lunchtime or evening meal. They may only serve alcohol as part of such a meal.
- Wedding receptions are not allowed
- People must not meet with anybody outside their household or support bubble in any indoor or outdoor setting, whether at home or in a public space. The Rule of Six applies in open public spaces like parks and beaches.
- People should try to avoid travelling outside the 'Very High' area they are in, or entering a 'Very High' area, other than for things like work, education, accessing youth services, to meet caring responsibilities or if they are in transit.
- People should avoid staying overnight in another part of the UK if they are resident in a 'Very High' area, or avoid staying overnight in a 'Very High' area if they are resident elsewhere.

Most of Derbyshire continues to be on tier 1 of this alert system but Parts of the High Peak around Glossopdale were placed in tier 2 measures on Monday but 3 parts of Derbyshire have

For more information On Covid-19 across Derbyshire Please visit:  
[www.derbyshire.gov.uk](http://www.derbyshire.gov.uk)

also been placed on tier 2, these parts of Derbyshire are Chesterfield, North East Derbyshire and Erewash as of the 17<sup>th</sup> of October, 2020 and because of this Derbyshire County Council have launched a new online postcode checker for Derbyshire residents that you can access here:

<https://apps.derbyshire.gov.uk/applications/additional-measures-postcode-checker>

Residents will also be able to see a full explanation of the restrictions in each of the three tiers and what they mean for households.

Derbyshire's Director of Public Health Dean Wallace said: *"We realise that understanding what the restrictions are and which areas they cover might be confusing for people. The new restrictions now in force across parts of Derbyshire cover a very specific area and may not follow natural boundaries that local people understand - it might even be the case that people living in the same street could be subject to different rules. Our online checker enables everyone across Derbyshire to find out at-a-glance the alert level for their address and what that means to them. And while we hope that all our efforts to stop the spread of coronavirus will be enough to prevent any other areas of Derbyshire having tighter restrictions imposed, if this does happen in the future the checker will be updated to reflect that."*

Cases are rising across the whole of Derbyshire, so despite most of it being in the medium risk tier we must all do our part to help stop the spread of Covid-19 not just in our area but for the whole of the UK, so please adhere to all restrictions in place. For more information on Covid-19 and current guidelines and restrictions please visit:

# Are the styles and trends of the 1970s making a come back?

We would like to take you back on a journey who remembers decorating tastes from the 1970s i remember vividly the gordy bright patterns in our living room, kitchen bathroom and not forgetting the bedroom. Those were the days keeping up with the latest trend in wallpaper design Mum and Dad choosing the colours that matched the decade looking back at shows from the 70s you are thinking good grief did we actually live with those colours?

However certain trends are making a comeback including home decoration according to Classic Painters who we are featuring. I think its fair to say that Richard is old school many years of experience so if you are looking to bring back the 70s or fancy a more contemporary look in the first instance call Classic Painters.

## Classic Painters

Quality where it matters since 1984.

**Professional  
decorating service,  
with attention  
to detail.**

Testimonials available on request.
